

The BioProcessing Asia Conference Series

BPA 2018 – Call for Sponsors

The BioProcessing Asia Conference Series has been established to fulfill the need for a technically focused, forward looking yet pragmatic approach to the best practice in bioprocessing, combining strong science and technology with Asian healthcare priorities. The Conferences bring together Asian and international participants once every two years.

The Third BioProcessing Asia Conference will be held 12–15 November 2018 at the Langkawi International Conference Centre

The Conference Programme will be assembled by a Scientific Advisory Committee drawn from key opinion leaders and experts from both academia and industry primarily in Asia. Sessions will cover recombinant protein and monoclonal antibody processes and manufacturing economics, vaccines and biosimilar design and production, blood plasma derived products, emerging technologies and quality, regulatory and clinical trends.

Sponsorship opportunities

BioProcessing Asia is run as a not-for-profit association and is dependent on sponsorship from industry. GE Healthcare has again agreed to be the Principal Sponsor of the

Conference. Other sponsorship opportunities are now available to the biopharmaceutical industry and related organizations.

Three levels of sponsorship are available: Gold, which includes Session Sponsorship, Silver and Bronze. Each sponsorship level is associated with various benefits and opportunities for exposure and recognition, as described below. Limited Event Sponsorships are also available.

Use of funds/compliance

Sponsorship income is used to support participation from the academic community by keeping registration fees within reach of institutional budgets. Invited academic speakers may be reimbursed for reasonable travel and accommodation costs. Furthermore, funds are used to support the work of the Scientific Advisory Committee and academic Session Chairs.

BioProcessing Asia adheres to the compliance guidance provided by the “Code on Interactions with Healthcare Professionals” provided by the Pharmaceutical Research and Manufacturers of America, particularly Section 5 “Pharmaceutical Company Support for Third-party Educational or Professional Meetings”. (See: www.phrma.org)

How to sponsor BPA 2018

To sponsor BioProcessing Asia 2018 please contact any member of the Organizing Committee indicating your choice of sponsorship. Please provide a contact name and address and include a PO number if applicable. You will then receive an Invoice. Payments may be made by direct Bank Transfer. See details below.

After 1 December 2017 you will be able to pay by Credit Card or by Bank Transfer via the website: www.bioprocessingasia.net under the heading "Sponsorship Opportunities". Simply follow the instructions on the page.

Please e-mail a copy of your logotype in a high resolution jpg, png, or eps format to a member of the Organizing Committee.

Later we will need to have your graphics for inclusion in the Programme and Abstract Book. The book is spiral bound, 170 × 240 mm. Your page will show your logo, company name and profile and a picture can be added.

GE Healthcare Life Sciences has a long-standing history of supporting non-commercial, not-for-profit conferences and is the Principal Sponsor of the BPA series.

Sponsorship opportunities are open to the biopharmaceutical, vaccine and blood plasma industries and industry organizations.

Conditions of sponsorship

Applications for sponsorship may be sent to any member of the Organizing Committee, noted below.

Sponsorship will be confirmed on the receipt of funds by the BioProcessing Asia office.

Event Sponsorships are limited and will be allocated on a first application basis.

Logotypes, hyperlinks and other materials will be posted on the Conference website only after receipt of sponsorship funds.

By submitting your logotype you agree to the use of the logotype on the Conference website, the Conference Sponsors page and in the Conference Programme and Abstract Book.

Sponsorship payments are non-refundable, under the circumstances detailed below.

The Organizers accept no responsibility for any damage or loss if the sponsored event is not performed due to any obstacle or hindrance outside the control of the Organizers, which they could not reasonably have foreseen and which they could not have avoided with reasonable effort or cost. Such obstacles and hindrances include, but are not limited, to the outbreak of war, civil riots, act of terror, governmental or other obstacles for the freedom of travel, union actions, natural disasters, loss of venue, fire, flooding and any other circumstances that fall within the meaning of the above.
